Cherish is the word I use to describe
All the feeling that I have hiding here for you inside
You don't know how many times I wish that I had told
you
you don't know how many times I wished that I could
hold you
you don't know how many times I've wished that I
could
Mould you into someone who could cherish me as
much as I cherish you

Perish is the word that more than applies
To the hope in my heart each time I realise
That I am not going to be the one to share your dreams
That I am not going to be the one to share your
schemes
That I am not going to be the one to share what
Seems to be the life that you could cherish as much as I
do yours

Oh I'm beginning to think that man has never found
The words that could make you want me
That have the right amount of letters, just the right
sound

That could make you hear, make you see
That you are driving me out of my mind

Oh I could say I need you
But then you'd realise that I want you
Just like a thousand other guys
Who say they'd love you with all the rest of their lives
When all they wanted was to touch your face, your
hands
And gaze into your eyes

Cherish is the word I use to describe
All the feeling that I have hiding here for you inside
You don't know how many times I wish that I had told
you
You don't know how many times I wished that I could
hold you

You don't know how many times I wished that I could
mould you
Into someone who could cherish me as much as I
cherish you
And I do cherish you
Oh, and I do, I cherish you
Yes I do, I cherish you
