How can I be sure in a
World that's constantly changing
How can I be sure
Where I stand with you

Whenever I
Whenever I am away from you
I wanna die cause you know
I wanna stay with you

How do I know
Maybe you're trying to use me
Flying too high can confuse me
Touch me but don't take me down

Whenever I
Whenever I am away from you
My alibi is telling people
I don't care for you

Maybe I'm just hanging around
With my head up, upside down
It's a pity, I can't seem to find someone
Who's as pretty and lovely as you

How can I be sure
I really, really, really wanna know
I really, really, really wanna know

How's the weather
Wether or not we're together
Together we'll see it much better
I love you, I love you forever
You know that I can be found

How can I be sure in a
World that's constantly changing
How can I be sure in a
World that's constantly changing

How can I, how can I
How can I, how can I be sure

If you won't let me know

How can I, how can I
How can I, I really wanna know
I really wanna know

How can I, how can I
How can I, how can I be sure
If you won't let me know

How can I, how can I
How can I, I really wanna know
I really wanna know
