S. Shifrin/K. Gold

Threads that weave together
In a tapestry of life
Meant to last forever
I promised you forever

I look up at the moon above our darkened room
The silence hurts
And though my words are well rehearsed
Can't seem to find the courage or the will
To walk away
I wish that I was strong enough to say that

Chorus:

I know it's over for me baby
There's no easy way to start
To say the words, they'll break your heart
But I know it's over for me darlin
It tears me up to see it die
I don't know how, I don't know why it's over

Guess heaven only knows how people once so close
Wake up to find it gone
Not knowing what on earth went wrong
Now to look you in the eyes
The hardest thing I'll ever do
To bring myself to tell you
To hurt you with the truth but

Chorus:

I know it's over for me baby
There's no easy way to start
To say the words, they'll break your heart
But I know it's over for me darlin
It tears me up to see it die
I don't know how, I don't know why it's over

You smile, you understand
You should be hating me for living
Instead you're so forgiving
It know it's over for me baby

There's no easy way to start
To say the words, they'll break you heart
But I know it's over for me darlin
It tears me up to see it die
I don't know how, I don't know why
I know it's over for me baby
I don't wanna make you cry
It's so hard to say goodbye

It was mean to last forever
I promised you forever
