You may call me a rolling stone
I'm a freeborn man and I stand alone
Come looking for a little satisfaction

I don't drive no Cadillac
All I got's hangin' on my back
But I do believe in a physical attraction

I can warm your coldest night
I'll make everything alright, c'mon

Ooh, rock me, baby
Let me feel the beat
I said, ooh, rock me, baby
Right down to my feet

I said, ooh, rock me, baby
Hold me, oh so tight
I said, ooh, rock me, baby
Rock me through the night

You better hold me while you can
You're gonna lose your midnight man
Now come on and rock me, rock me

I was twelve when I left home
Ever since I've been on my own
Come looking for a little excursion

I guess I'll never settle down
It's always been just one more town
That I loved from coast to coast
Across this great nation

I can't promise I'll be true
I'll just see what I can do

Come on, ooh, rock me, baby
Let me feel the beat
I said, ooh, rock me, baby
Right down to my feet

I said, ooh, rock me, baby
Hold me, oh so tight
I said, ooh, rock me, baby
Rock me through the night

You better hold me while you can
You're gonna lose your midnight man
Come on and rock me, rock me

Come on and rock me
Come on and shock me
Mmm, yeah now roll me

Mmm, come on squeeze me
Oh, you sure can please me
Here we go

Ooh, rock me, baby
Let me feel the beat
I said, ooh, rock me, baby
Right down to my feet

I said, ooh, rock me, baby
Hold me, oh so tight
I said, ooh, rock me, baby
Rock me through the night

You better hold me while you can
You're gonna lose your midnight man
Now come on and rock me, rock me

I said, ooh, rock me, baby
Let me feel the beat
I said, ooh, rock me, baby
Rock down to my feet

I said, ooh, come on rock me, baby
Hold me, oh, so tight
I said, ooh, now rock me, baby
Rock me through the night

You better hold me while you can
You're gonna lose your midnight man
Now come on and rock me, rock me
