Like a deer in the headlights, I got lost in your eyes.  
Caught up in the  
Cross hairs of your little love affair.

You and me we could go anywhere you want, forget  
about your life and let's  
Go all out

LA to Chicago, if you ask I'll follow. From New York to  
Tennasee and  
Anywhere in between and I will follow you if that's what  
you want and I  
Would leave it all behind cause your all I got

You've got your reasons and I have got mine. You like  
the chase I can tell  
By the look on your face.

You and me we could go anywhere you want, forget  
about your life and let's  
Go all out

LA to Chicago, if you ask I'll follow. From New York to  
Tennasee and  
Anywhere in between and I will follow you if that's what  
you want and I  
Would leave it all behind cause your all I got

You've got your reasons and I have got mine. You like  
the chase I can tell  
By the look on your face.

I'll follow you for whatever it's worth I'll follow you to the  
ends of the  
Earth

You and me we could go anywhere you want, forget  
about your life and let's  
Go all out

LA to Chicago, if you ask I'll follow. From New York to

Tennasee and  
Anywhere in between. And I would follow you if that's  
what you want and I  
Would leave it all behind cause your all I got

I'll follow you for whatever it's worth I'll follow you to the  
ends of the  
Earth

LA to Chicago, if you ask I'll follow. From New York to  
Tennasee and  
Anywhere in between. And I would follow you if that's  
what you want and I  
Would leave it all behind cause your all I got

You complete me cause your all I want, forever we'd be  
cause your all I got
