[Tommy "The Touch" Wolf:]  
I was falling on The Black Ice  
When I lost and found a better way  
There's a hidden spot in our minds  
Awakened by a mistake

[Jennifer "The Devotion" Michaels:]  
Always trust your sight  
(Trust your sight...)

[Tommy:]  
You can't see what I see  
(What I see...)  
I just can't believe my life was gone

Winter's gone the sun ain't shining  
I've never had to worry  
When I think about the wheels of life  
I wonder 'bout the wonder wheel

[Jennifer:]  
Don't look back, move on  
(Don't look back)  
Fast forward and more  
(And more...)

[Tommy:]  
I just can't believe my life's in vain...
