Everything I ever wanted
Has just walked out the door
Every word I ever said
Has no meaning no more
Everything is so messed up right now
I've got feelings of falling down
There has got to be more than this
'Cause it all seems so pointless

Oh, wont you

Break me out
Everything I ever wanted
Was you and I don't doubt
That you feel the same way
I wanna shout
Can you hear me
(Can you hear me, can you hear me)
I hate goodbyes
But I think it's time to say it anyway
(Say it anyway)
I'm letting go
I'm letting regretting letting you go

Every feeling I ever felt
Has left nothing but doubt
And now, what am I to do
When I think of you
Everything is so messed up right now
I've got feelings of falling down
There has got to be more than this
'Cause it all seems so pointless

Oh, wont you

Break me out
Everything I ever wanted
Was you and I don't doubt
That you feel the same way
I wanna shout
Can you hear me
(Can you hear me, can you hear me)

I hate goodbyes
But I think it's time to say it anyway
(Say it anyway)
I'm letting go
I'm letting regretting letting you go

Everything I ever wanted
Everything you'll ever be
Everything you ever wanted
I'll dream, You'll be, you'll see
Everything I ever wanted
Everything you'll ever be
Everything I ever wanted
Everything you took from me

Break me out
Everything I ever wanted
Was you and I don't doubt
That you feel the same way
I wanna shout
Can you hear me
(Can you hear me, can you hear me)
I hate goodbyes
But I think it's time to say it anyway
(Say it anyway)
I'm letting go
I'm letting regretting letting you go
