Honestly, I hate to see you like that. Why don't you see?
It doesn't have
To be this bad. I'm watching you like sand through the
hour glass and I
Don't know how much longer your gunna last.

Woah I don't wanna let you down nooo but I can't
always be around to pick
You off the ground. All you need to know is you can do
this on your own and
You don't need anyone your better off alone and
strong enough to carry on

I know it's hard to find your self out there, you do your
part, try to
Pretend you don't care. it's so see through the sadness
that you hide, if
You only knew there is so much more to life.

Woah I don't wanna let you down nooo but I can't
always be around to pick
You off the ground. All you need to know is you can do
this on your own and
You don't need anyone your better off alone and
strong enough to carry on

It's been a hard year and you just nooo give up, you
seen it all and you had
About enough. You can keep your head, head about
water. From this point on
It can only get better.

Woah I don't wanna let you down nooo but I can't
always be around to pick
You off the ground. All you need to know is you can do
this on your own and
You don't need anyone, your better off alone and
strong enough to carry on

You can do this on your own and you don't need
anyone, your better off

Alone, strong enough to carry on.
