Hollywood

I wanna see my name in lights
I wanna be recognized
I never thought it be so hard
To be a rising star

I'm dying in hollywood
I thought I'd live forever
I'm dying in hollywood
I just can't keep it together

When you walk the walk of fame
You still don't see my name
I tried so hard to be the
Next rock star

I'm dying in hollywood
I thought I'd live forever
I'm dying in hollywood
I just can't keep it together

I'm dying in hollywood
I thought I'd live forever
I'm dying in hollywood
I just can't keep it together

I'm dying, forever and ever

Die
