Can I look back
And say I did that, have I
Made it out alive
This anger confuses you
It kills me
It's driving us crazy

Everyone can see it
It's no secret
We gotta stop screaming
How'd we miss the signs
The fights, the lies
You gotta face yourself sometimes

This breakdown controls you
It holds me
It's driving us crazy
Does the end justify the means
Have I (Have I)
Made it out alive

Everyone can see it
It's no secret
We gotta stop screaming
How'd we miss the signs
The fights, the lies
You gotta face yourself sometimes

Everyone can see it
It's no secret
We gotta stop screaming

Everyone can see it
It's no secret
We gotta stop screaming
How'd we miss the signs
The fights, the lies
You gotta face yourself sometimes

You got to face
Everything
You got to face yourself

Face yourself someday
