[Rev. Mike "The Faith" Simmons:]

Some people bleed, some people try to forget
Can't you see where they're going through?
You're one of a kind, your heart's on the line

[Tommy "The Touch" Wolf:]

No one is there... No one believes you when you lie
Until we find the way, yeah
Unable to touch, afraid of the hurt

[Mike:]

Don't you know that our fear is our only creation
(Our fear is our only creation)
Let's get rid of these rusty chains
There's only a way to salvation
Taking you down will only make them believe in their
lies...
And you know they lie

[Tommy:]

I'm falling away... (I'm falling away...)
No holds barred, I can't keep my feet on the ground...
Yeah...
I'm falling away... (You've got to see...)
See what you get when you open your mind
When you're falling away... (I'm falling away...)
While you're begging to stay... (Begging to stay...)
There's no denial when you're lost
... When you're falling away... When you're falling away

Some people hear, some people don't understand
Never tell what we are here for

[Mike:]

You're one of a kind, your hearts on the line

[Tommy:]

Yeah, I feel so unsure... So unsure though I have the
touch
Nothing depends on you, yeah
I'm on of a kind, my heart's on the line
(My heart's on the line...)

[Mike:]

Don't you know that our fear is our only creation
(Our fear is our only creation)
Let's get rid of these rusty chains
There's only a way to salvation
Taking you down will only make them believe in their
lies...
... Yeah, and you know they lie

[Tommy:]

I'm falling away... (I'm falling away)
No holds barred, I can't keep my feet on the ground...
Yeah...
I'm falling away... (You've got to see...)
See what you get when you open your mind
When you're falling away... (I'm falling away...)
While you're begging to stay... (Begging to stay...)
There's no denial when you're lost
... When you're falling away... When you're falling away

... When you're falling away... When you're falling away
... When you're falling away... Oh, yeah...

[Mike:]

Our fear is our only creation
Let's get rid of these rusty chains
There's only a way to salvation
You know taking you down will only make them believe
in their lies...
And you know they lie

[Tommy:]

I'm falling away... (I'm falling away...)
No holds barred, I can't keep my feet on the ground...
Yeah...
I'm falling away... (You've got to see...)
See what you get when you open your mind
When you're falling away... (I'm falling away...)
While you're begging to stay... (Begging to stay...)
There's no denial when you're lost
... When you're falling away...
