[Dave "The Friendship" Maxwell:]

Running scared among the fields of passion, like a fire
grown cold

Left the glory under lock and key where my gold is
slowly turning to rust

All the blame you've been taking will only get this far
Give yourself a new meaning, don't waste your
precious time

[Tommy "The Touch" Wolf:]

I'm one of a kind, no turning back

I can see where I'm going

I'm holding to now, ain't looking back

Though my hands are tied and I can't break free

One of a kind, no turning back

We're heading right to nowhere

I'm one of a kind and I don't know why...

For you are still within...

There I can see you, Carol...

See the sun going down while I'm thinking, living just a
vivid past

By the time I realize my mistakes all the curtains will be
fallen apart

[Dave:]

All the pride you've been hiding will only get this far...

(... Will only get this far...)

Give yourself a new living, don't waste your precious
heart

[Tommy:]

I'm one of a kind, no turning back

I can see where I'm going

I'm holding to now, ain't looking back

All the choices made and the vows I forgot

One of a kind, no turning back

We're heading right to nowhere

I'm one of a kind and I don't know why...

For you are still within...

There I can see you...

Almost taken by the rocking movement, my numbers
are the colours of life
My securities... They only feed my aversion to look
straight in your eyes

[Dave:]

All the love you've been saving will only get this far... (...
Will only get this far...)
Give yourself a new meaning, don't waste your
precious life

[Tommy:]

I'm one of a kind, no turning back...
I'm holding to now, ain't looking back...
One of a kind, no turning back...
I can see where I'm going, yeah
I'm one of a kind, now I'm alive...
Though my hands are tied and I can't break free

I'm one of a kind, no turning back
I can see where I'm going... (I can see where I'm
going...)
I'm one of a kind and I don't know why...
Though my hands are tied and I can't break free
(I want to see you Carol...)
One of a kind, no turning back
We're heading right to nowhere... (Heading right to
nowhere...)
I'm one of a kind and I don't know why...
For you are still within...
There I can see you, Carol...
