Thank you for being my rock, thank you for picking me
up. it's not easy
Being tough but some how you manage to pull it off
and I just wanted you to
Know I'm thankful.

Thank you for being my friend for holding my hand as
the walls come closing
In. Thank you for being so strong you write all my
wrongs, you've always
Helped me along.

Thank you for healing my scares, thank you for who
you are. I saw your
Wings from the start, my guarding angel to mend my
heart. You reassure me
That it's worth it, and for that I say.

Thank you for being my friend for holding my hand as
the walls come closing
In. Thank you for being so strong you write all my
wrongs, you've always
Helped me along.

You were always there when I fall, you saved my life
when times were so
Critical, there is nothing that I could say to repay for all
that you do.

Thank you for being my friend for holding my hand as
the walls come closing
In. Thank you for being so strong, you write all my
wrongs, you've always
Helped me along.

I've learned so much from this scar tissues, hard days
and nights left wide
Open rooms and no one gets me just like you do, you
give me reason and for
That I say thank you
