Please tell me
Have you ever felt blind
Oblivious to what you hold inside
I am so lost, I have tried
Lay your head down, and say goodnight

Watch me burn
It's what I deserve
A prisoner
That's all I'll ever be, to her

Please tell me
Have you ever felt broken
Had your everything
Your whole life stolen
I am running out
Out of air
Well I guess it ends, it ends here

Watch me burn
It's what I deserve
A prisoner
That's all I'll ever be, to her

As I inhale
The smoke fills my lungs
And I have failed
At being the one you trust

Watch me burn
It's what I deserve
A prisoner
That's all I'll ever be, to her

Her

To her
