When I was very young and I was just a kid  
I used to have this dream,  
where I fell through the ground  
My dad would laugh  
as the arms of death  
pulled me further down  
So I couldn't see his face

So why do you run, when I wan't you to stay  
And why does my heart beat so fast today?  
We got up and fell down every night  
Glued to the light

Let me tell you something about that town  
(Let me tell you something about that town)  
With porn and rotten teeth  
(With porn and rotten teeth)  
Kids grew up 'round there but soon  
(Kids grew up 'round there but sson)  
Some got stuck in time

Came to life only in the blue  
'Cause dreams's the only thing to keep you going  
Dreams's the only thing to keep you sane

Sometimes I thought we'd be broken by age  
But there always seems to be yet another page  
Sometimes it's like I'm not gonna last  
and the last thing I need is this vicious laugh  
We got up and fell down every night  
Glued to the light

So why do you run, when I wan't you to stay  
And why does my heart beat so fast today?  
We got up and fell down every night  
Glued to the light  
We got up and fell down every night  
Glued to the light
