I don't wanna sell you, I don't wanna buy you
I don't wanna feed you, I don't wanna feed on you
I don't wanna have you, I don't wanna lose you
I don't wanna force you, I don't wanna have to.

But it's you in slow-mo and you in the stream
It's you in real life and you in the dream

It's always you, it's always you
It's always you, it's always you
It's always you, it's always you

And every small thing turn in to a big one
Like a rollercoasterride, tell me when it's done
Spring, summer came and left again
I see the sun and I know he cheated.

And you're in the air, and you're in my head
You're in every part of me and it's okay

It's always you, it's always you
It's always you, it's always you
It's always you, it's always you

It's always you, it's always you
It's always, always, always you
It's always you, it's always you
It's always, always, always you

It's always you, it's always you
It's always, always, always you
It's always you, it's always you
It's always, always, always you

It's always you, it's always you
It's always, always, always you
It's always you, it's always you
It's always, always, always!

When we meet on a rusty morning
You would tell me the monster's crawling
So what, what are my hands for,

if not keeping you steady?
And so what if your head is sore
I'm here, you're not alone

But it's out of my hands
It's out of my hands
It's out of my hands
It's out of my hands

It's out of my hands
It's out of my hands
It's out of my hands
It's out of my hands

It's out of my hands
