Did you think that you had it all worked out
But then they changed their minds?
You're left with the feeling
That you've been left out
Without a thought for who you left behind

Well there's a tried and tested potion that I know
Go out and get loaded go and give it a go
I want you to know, yeah I want you to know

Were all of your cards marked in advance
As you threw them on the table
There's no such thing as a second chance
Look at Auntie George and Uncle Mabel

Well there's a tried and tested motion that they know
Sat down with arms folded they don't wanna know

So did you think that you had it all worked out
But then they changed their minds?
You're left with the feeling
That you've been left out
Without a thought for who you left behind

Well there's a tried and tested notion you should know
Now you're feeling loaded you've got nowhere to go

I want you to know
Want you to know
Want you to know
Want you to know
Yeah I want you to know
