Shes going out to forget they were together  
All that time he was taken her granted  
She wants to see if theres more than he gave, shes  
lookin for,  
He calls her up hes trippin' on the phone now  
He doesn't want her out there and alone now  
Knows shes moving it, knows shes using it  
Now he's losing it and she dont care

Everybody put your hands up say, I don't wanna be in  
love,  
Feel the beat now if you got nothing left say I dont  
wanna be in love  
Don't give up now, you got a reason to live say, I don't  
wanna be in love  
Feeling good now, don't be afraid to get down say, I  
don't wanna be in love

He was always giving her attention  
Working hard to buy the things she mentioned  
He was dedicated by most suckers hated  
That girl was fine but she didn't appreciate him  
She calls him up, shes trippin on the phone now

He had to get out and he ain't coming home now  
Now lets try to forget it that's how he got with her  
When he first met her and when they first got together

Chorus

To the beat , to the beat, to the beat, you got nothing to  
lose don't be afraid to get down  
We break up, its something that we do now,  
Everyon has got to do it sometime  
Its ok, let it go, get out there and find someone (some  
more)  
Its too late to be trippin on the phone here  
Get off the wire everything is good here  
Stop what you are doingyou don't wanna ruin the sex  
that you got to find a new one

Chorus
