One two
One two three four
I'll kiss that away

Both of them swam from a northern blue sky
Smile on their faces they entered their doom like they
knew
If their world should end they won't care about that
anyway

I jade the water and I burn the fire...
Ooh.....I burn the fire...

Nuclear chemicals making their doom like you knew,
If the world should end you won't care about that
anyway.
Maybe that's the way you live your life but I know,
Life... It don't always live that way.

(L)
Jade,
A shade of pain and then we die.
Jade,
A shade of pain and then we die.
Jade,
A shade of pain and then we die.
But it's just the way...

Maybe that's the way you live you life but I know...
...you live... your... life...

Life... You see it don't always live that way

(L)
Jade,
A shade of pain and then we die.
Jade,
A shade of pain and then we die... Oh why...
Jade,
A shade of pain and then we die.

Maybe that's the way... (L)

Maybe that's the way, but it don't always live that way

Now that I understand the beauty of what they've left to
hand me down.

When you need a place to live and no one understands
you.

And all you want to do.

Is to cry out loud.

But you don't know how.

No way, no-one,

No-one understands.

The hand that strikes.

When just a touch of love is all the problem needed,

And when you hurt someone so much that still they die
loving you.

And all you want to do,

Is to cry out loud.

But you don't know how,

Jade...

Jade (L)

A shade of pain and then the memory dies.

Jade (L)

Ohh no no.... ...and then, and then we die die... die,
die...

A shade of pain and then we die

Jade...

But you don't know how,

Until you try some how,

Jade...

Like you don't know how

Jade...

But you'll try somehow.

Jade... ...and then we die.

We will find a way,

Letting the sun go down.

Maybe we'll find a way,

Holding the sun.

We will find a way,

Letting our life go by.

I tell you we'll find a way,

Holding the sun.....

The sun...
