{Tonight.
Wonderful things are about to happen
All of your wildest dreams are about to come true
So lay back and relax
Let me give my love to you

I feel like the sun,
I feel like the rain
I feel like I just found reason for living again
Cause what Ive been dreaming,
I know that its real
I know theres just no changing the way I feel
You're into my head
I'm out of my mind
I feel like I've just found reason for being alive
And I have a secret,
I think you should know
I feel like I just cant keep it
it's deep within me
And I know that its out of control

Can you see my vision?
Of a red hot summer in wine
When love was the feeling
Theres no indecision
We were turning that key inside
To get in the moment

{Tonight.
Wonderful things are about to happen
All of your wildest dreams are about to come true}

We live in a dream,
Ive seen you today
I feel like all my fears are fading away
Been waiting so long for something new
I feel like a constant craving for being with you
You're into my head
I'm out of my mind
I feel like I've just found reason for being alive
And I have a secret I think you should know

I feel like I just cant keep it
it's deeper than me and i know
that its out of control...

Can you see my vision?
Of a red hot summer in wine
When love was the feeling
Theres no indecision
We were turning that key inside
To get in the moment

Can you see my vision?
Of a red hot summer in wine
When love was the feeling,
When love was the feeling
When love was the feeling,
When love was the feeling
When love was the feeling
When love was the feeling
When love
