The Princess and the liar  
Her dress is catchin' fire  
Daddy's little lemonade  
All she's meant to be

I almost made you jump  
The trust is so desire  
My love is tastin' bitter  
'Cause it almost set you free

The Princess and the liar  
Her dress is catchin' fire  
Daddy's little lemonade  
All she seems to me  
Umm hmm hmm

You're headin' for the crash  
It'll be right here tomorrow  
I'll even pay for gas  
If you wreck us gracefully

The Princess and the liar  
Her dress is catchin' fire  
Daddy's little lemonade  
All she's meant to be  
Umm hmm hmm
