We should be right here  
Get through all this fear  
One of these days

'Cuz when it comes around  
We should be right here  
One of these days

This could be heaven  
This could be heaven

Living for the part  
Giving from the heart  
Now and forever

But if we let it wait too long  
What we have is gone  
Memory only

This could be heaven  
Maybe we can start a life today  
This could be heaven  
Love instead of throwing it all away  
This could be heaven

Whoever thought we would get this far  
Trying for all these years  
The thought that we would fade away  
Is more than I could bear

I would do anything if you would stay  
If you'd stay

Say  
We should be right here  
Get through all this fear  
One of these days

This could be heaven

Turning it all for human kind  
With you by my side, say

This could be heaven

Sure we can decide to run away  
But we run away from all this here, when

This could be heaven

All  
This could be heaven

Hey heaven, baby  
This could be heaven

Heaven  
(Heaven baby, heaven baby)  
This could be heaven  
(Hey yes, ah yeah, yeah)

'Cus I know you'll call, I know you'll call  
this could be heaven  
Heaven this could be

Nah na na, nah nah  
This could be heaven, this could be heaven  
This could be heaven, this could be heaven

One of these days  
One of these days
