The perils of loneliness  
The pleasures of love  
That we find

The argument's imminent  
The look on her face  
As we cry

There's nothing when you fall alone  
There's hate when you fall by the side

You know that I didn't mean to hurt you love  
I just need some light  
On my life  
But when a man is wrong  
Facing all the mistakes  
That he's done

There can be no right  
Now if I was a holy man  
And you were the devil song  
And if I liked what you played  
Does that mean you're right and I'm wrong

Know there's danger in serenade, my friend  
There's love if you find what you want

And there's reasons to be afraid  
And reasons to open your heart  
But when a man is wrong  
Facing all the mistakes  
That he's done

There can be no right  
Oh my friend  
I sometimes get things wrong to get things right

Oh my friend  
You know I sometimes get things wrong to get things  
right

Oh my friend

Nana naa na naa

When I'm wrong  
Is wrong  
Facing all the mistakes that are done

When a man is wrong  
When this man is wrong  
There can be no right

There can be no right
