Calling me, calling me, calling me
Calling me, calling em, calling me, she calling me
Calling me, calling me, calling me, calling
Calling me, calling me, calling me

If you seen me on the porch, then you know I'm on
the left side
Whole other country, driving on the left side
Steering from the right side
Jet just landed, we got village in the sun shine
She is grinding all my profit, â€!
Her new bootie on my Tiffany garments
She.. then stop, hey!
She'll pocket up then drop, hey!

Chorus:
You said she's your girl,
She said she's mine
She get me her number,
And now she's with me all the time
What she doing? She's calling me baby
What she doing? She's calling me baby
What she doing? Calling me, calling me
What she doing? Calling me, calling me
What she doing? Calling me, calling me

Seen me on the block, girl you know I'm from the
west Side
..went slow on the west side
We gonna switch.. always wake up on my bed side
You know that she mad, boy, stop like a red light!
Se, I'm the one that put her on the Gucci shoes,
Put her on the bed with The MG kid
If you're looking for your girl, I promise that
you'll find her with me
I'm in the corner of the club, Shawty grinding with
me!

Chorus:
You said she's your girl,
She said she's mine
She get me her number,

And now sheâ€™s with me all the time
What she doing? Sheâ€™s calling me baby
What she doing? Sheâ€™s calling me baby
What she doing? Calling me, calling me
What she doing? Calling me, calling me
What she doing? Calling me, calling me

See her in the back of theâ€¦
Hold up nigger, roll upâ€¦
Nigger think that I go soft, from quick, to pay that
problemâ€¦
See me smile cause Iâ€™m rich,
Bring your nose up, cause Iâ€™m the shit
Keep on loving, keep on hugging
Iâ€™m all up in my thirty two
That ainâ€™t real but since you know
Iâ€™m prettyâ€¦ in the casino,
Looking for Shawty, sheâ€™s gone
â€¦that Louis Vuitton, kissing form head to toe
She gone from bad to flow
I feel so good when Iâ€™m â€¦
Chilling on a property beach of Bahamas.

Chorus:

You said sheâ€™s your girl,
She said sheâ€™s mine
She get me her number,
And now sheâ€™s with me all the time
What she doing? Sheâ€™s calling me baby
What she doing? Sheâ€™s calling me baby
What she doing? Calling me, calling me
What she doing? Calling me, calling me
What she doing? Calling me, calling me
