Change, Change, Change,  
Change, Change, Change,

Chorus:

Oh i wish i had the power, the power to Change the  
world

But im just one man trying to do it on my own

Oh i wish i had the power, the power to Change the  
world

But im just one man trying to do it on my own

Can someone help me? (Change the world)

Can somebody help me? (Change the world)

Everyday i saw you there chillen on the corner

puffin on crack and marijauna

Because i know how your life is

nobody just be guidin, no

Hope to see black people living longer

also less kids without fathers

We should all come together

Please stop fighting and killing eachother

Its what happens when your living in the street life

its so dark and you dont get sunlight

People seeing why you dont get treated right

But ima try to Change it

Chorus:

Oh i wish i had the power, the power to Change the  
world

But im just one man trying to do it on my own

Oh i wish i had the power, the power to Change the  
world

But im just one man trying to do it on my own

Can someone help me? (Change the world)

Can somebody help me? (Change the world)

Many people living off welfare

Hoping things get better next year

but im covered in tears

so many sick without health care

too many innocent people dyin'  
and i dont know why  
you gotta keep your eyes open even when your rollin'  
as days go by

Its what happens when your living in the street life  
its so dark and you dont get sunlight  
People seeing why you dont get treated right  
But ima try to Change it

Chorus:

Oh i wish i had the power, the power to Change the  
world  
But im just one man trying to do it on my own  
Oh i wish i had the power, the power to Change the  
world  
But im just one man trying to do it on my own

Bridge:

Somebody Change the world  
we've got little boys and little girls  
growing up on this sinful earth  
oh whats happening?  
i dont know, but please tell me  
we've got all these criminals and discretos  
killin people for no reason  
i dont know why

chorus:

Oh i wish i had the power, the power to Change the  
world  
But im just one man trying to do it on my own  
Oh i wish i had the power, the power to Change the  
world  
But im just one man trying to do it on my own  
Can someone help me? (Change, Change, Change)  
Can somebody help me? (Change, Change, Change)
