[Chorus]

Hey girl, tell me were you from
As you look good, dancing at the son
And not the reason number 1
We been fly, tell me where you come from
I got something that you gonn like
Something that you gonn like
I got something that you gonn like
So we need to function tonight

Said something that you gonn like
Your feels all good and your body look right
Number 1 in all the lights
So I call girl make them know you and I
Â...bad man die,
Know when I tek boutÂ...shots

So slow down, you know you canÂ't touch this
Number one, number one pon di hit list
Nigga feel di remix, I let my time
But them know they canÂ't touch this
Slow down, slow down

[Chorus]

Hey girl, tell me were you from
As you look good, dancing at the son
And not the reason number 1
We been fly, tell me where you come from
I got something that you gonn like
Something that you gonn like
I got something that you gonn like
So we need to function tonight

I got a new whip, riding in the Rarri
Old school bitch, yeah thatÂ's Atari
IÂ'm sincere hoe youÂ're nobody
While youÂ're standing right here in the lobby
Take it to the room, 305, I just hopped off a jet from a
305
Back to the whales, tell me slow it down
For I go around in your hood like I hold around

Whip so quiet, looking like a leer jet,
They ain't even check, need to get they ears checked
I ain't never seen a check, we blow cash
And they go crazy when I sign my autograph,
Me and sean act hards going back to back
Niggas looking real funny, what the fuck is that?
Kingston popping in the phantom rolls Royce
I'm in the Bentley, yeah baby you don't gotta lay
your choice so

[Chorus]

Hey girl, tell me were you from
As you look good, dancing at the son
And not the reason number 1
We been fly, tell me where you come from
I got something that you gonn like
Something that you gonn like
I got something that you gonn like
So we need to function tonight
