[Intro]

Hey Yo J.R
I meet A lot of Beautiful girls in my life man
But this situation is kinda wierd
I like her sister

[Verse 1]

I was just walking out school
I saw this girl gettin off the train
We exchanged numbas and went on a couple dates
At first everything was cool
Until I meet her sista laren
Got introduced to each other and then everything
changed

[Bridge]

I wanted a piece of that forbidden fruit
But my homies said to stay away
But im 17 what you expect me to do
I guess we'll charge it as a part of the game

[Chorus]

If I'm wrong oh I dont want to be right
I kissed your sister last night
It aint my fault
I guess your sister's my type

If I'm wrong oh I dont want to be right
I kissed your sister last night
It aint my fault
I guess your sister's my type

[Verse 2]

Now I'm on the telephone talking
With laren but her sisters on the other line
But I can't help my self Cuz laren too fine
And I know this may be wrong but it feels so right
Her sister is nice but laren is more like sugar and spice

[Bridge]

I wanted a piece of that forbidden fruit

But my homies said to stay away
But im 17 what you expect me to do
I guess we'll charge it as a part of the game

[Chorus]

If I'm wrong oh I dont want to be right
I kissed your sister last night
It aint my fault
I guess your sister's my type

If I'm wrong oh I dont want to be right
I kissed your sister last night
It aint my fault
I guess your sister's my type

[Verse 3]

Sorry that it had to go like this way
But you know your sisters got what I need
Cuz I got to be with Laren
And Im over you

Sorry that it had to go like this way
But you know your sisters got what I need
Cuz I got to be with Laren
And Im over you (Over you)

[Bridge]

I wanted a piece of that forbidden fruit
But my homies said to stay away
But im 17 what you expect me to do
I guess we'll charge it as a part of the game

[Chorus]

If I'm wrong oh I dont want to be right
I kissed your sister last night
It aint my fault
I guess your sister's my type

If I'm wrong oh I dont want to be right
I kissed your sister last night
It aint my fault
I guess your sister's my type
