Even if you were the air that I breathe
And even if you were the words that I speak
Even if you were the blood that I bleed
I could never be...

Even if you could reach into my soul
Wrap your arms around it and never let go
Even if the two became one
All I know
Is I could never be...

Chorus:
Close enough
And near enough
To the sound of your voice
The warmth of your skin
The taste of your kiss
And I can't begin to be,
Close enough
And near enough
Casue the more that I get
The more that I want of your love
(and) I can't get close enough

Even if your every thought in my mind
Even if your every dream every night
Even if your every song that I write
I could never be...

(chorus)

So stay with me,
Forever
And let me be
The only one who will ever be...

(chorus)

Can't get close enough
Ooohh oohh

Can't get close enough
