### "Cry Baby Cry"

Visit "[Cry Baby Cry](#)" on [MotoLyrics.com](http://MotoLyrics.com)

(feat. Joss Stone, Santana)

[Verse 1:]

Going back to the memories  
Reminiscing 'bout you and me  
Thinking how it used to be  
It's plain and clear I treated you bad  
But girl you know that I care  
Every relation(ship) have wear and tear..  
Just draw near girl and try to hear and listen what my  
heart says.

Many days and many nights  
Many heartbreaks... many fights  
Many wrongs but so many rights  
So girl don't let this love die  
Never meant to 'cause you no pain,  
Girl I never meant to treat you lame.  
Gimme one more chance rewind come back again.  
Don't let this love die.

[Chorus:]

Just Cry Baby Cry  
(Don't cry no more)  
Cause every tear that flows falls into the ocean  
And rises to the sky  
And then the rain will come  
Right before the sun shines...

[Verse 2:]

Can you feel me reaching out to you girl, can you hear  
my open thoughts  
Never want (to) disrespect you girl don't let this come  
break us apart.  
'Cause I know I would die without you, my girl can you  
hear my broken heart.  
It's calling out to the good times that we had back at  
the start.

Baby... (Don't call me baby...)

You know I need you in my life daily. (You know you

played me...)

I was a player but now your love changed me. (Dead wrong...)

I'm going crazy (I'm gone)... Never thought losing you would be so hard

[Chorus:]

It's your turn to cry baby cry

(Don't cry no more)

Cause every tear that flows falls into the ocean

And rises to the sky

And then the rain will come

Right before the sun shines...

[Tag:]

So let go

And move on

What we were

Is now undone

My tears have all dried

It's your turn now to cry...

Bridge

You're losing your love and your trust for me girl

And you know, I would go to the ends of the world.

If you wanted... Just like we started.

Girl 'cause I don't want to fight no more.

Make it like it was before.

Chat to her Santana! (i.e. talk to her... tell her how you feel... play your guitar for her!)
