... touch that... lose control
Whine it, whine it, whine it, whine it,
Whine it, whine it, whine it, whine it.
Just give me that... different box
... different truck
Turn it, turn it, turn it, turn it,
Turn it, turn it, turn it, turn it.

... keep calling I'm ready to...
Put me... I'm steady... she falling...
She never...
Ohhh... ohhh... ohhh... ohhh...
Ohhh... ohhh... ohhh...
Let me tell you this again

Chorus:
... touch that... lose control
Whine it, whine it, whine it, whine it,
Whine it, whine it, whine it, whine it
Just give me that... different box
... different truck
Turn it, turn it, turn it, turn it,
Turn it, turn it, turn it, turn it.

On and on it,... on and on it

Girl I see the way you move
Take you back to my room
So we can catch a little...
You know that I've been watching you
Been singing my... stop me
Keep it poppin' me and you,
... stop me, keep it poppin' me and you,
... stop me, keep it poppin' me and you,
... stop me, keep it poppin' me and you
