I don't mean to bother you
I don't mean to bring this up again
But I'm still in love with you
And I know you still think of me now and then

You don't have to tell me twice, baby
I know I'm not the man that I used to be
But God knows I'm trying
So why can't you be patient with me

Can you tell me where I was so wrong?
Said you loved me baby, now you're moving on
Well, I guess there ain't much more to say
Except our last goodbyes, Oh and by the way
You left my heart with Memphis at the break of day

These highways are lonely at night
When you're driving them all alone
Well, I heard your number ring, darling
But I just couldn't pick up my phone

You're probably just worried about me
You know I hate driving in the rain
There's so many miles to home
But there still ain't enough to ease all this pain

Can you tell me where I was so wrong?
Said you loved me baby, now you're moving on
Well, I guess there ain't much more to say
Except our last goodbyes, Oh and by the way
You left my heart with Memphis at the break of day

And all of those dreams you told me
You should have kept them all to yourself
Cause you can't imagine the hopes they sowed.

You know all those kisses you gave me
Well every one still burns on my lips
Maybe give me just one more for the road

Maybe give me just one more for the road
Cause I need you baby

Don't mean to bother you
And I'll never bring this up again
Cause I can see clearly now
Things just aren't the same as they were then

I'm not gonna change for you, baby
You should love me the way I am
So take it or leave it, honey
Cause I'm not waiting around for you to hurt me again

Can you tell me where I was so wrong?
Said you loved me baby, now you're moving on
Well, I guess there ain't much more to say
Except our last goodbyes, Oh and by the way
You left my heart with Memphis
You left my heart with Memphis
You left my heart with Memphis
At the break of day
At the break of day
At the break of day
