Can't see a thing to make me change

Honey I'd do anything for you,

You drive me crazy,

Know that you're mine,

I love you baby you're so fine.

(To get you yo me nah go play baby girl)

(Representing for the black woman them)

Baby... I'll be...

Right by your side
When you're up or down
Don't matter what I'll still be down.

Girl you will always flick back on my mind,
Reminiscing when we kick back an' a wine**,
But if you gone, we still nah go cry
Although we calm to get a next girl you know say we no shy.
It's no disrespect,
I'm telling you my mind,
You know me true to you at this time,
A nuff other girls keep pressuring my line -
Ole vanity minds, so we kill them with the grind.
Me rate you and this is straight from the vine
You nuh dis, me nuh dis you,

Together we will shine -
Like the sun and the stars,
Together we will shine -
Hard struggle through life,
Together we will blind.

(Future Plan, Me and you have to link up woman)
