Going back to the memories
Reminiscing 'bout you and me
Thinking how it used to be
It's plain and clear I treated you bad

But girl you know that I care
Every [unverified] have wear and tear
Just draw near girl and try to hear
And listen what my heart says

Many days and many nights
Many heartbreaks [unverified], many fights
Many wrongs but so many rights
So girl, don't let this love die

Never meant to cause you no pain
Girl I never meant to treat you lame
Gimme one more chance, rewind come back again
Don't let this love die

Just cry, baby cry
(Don't cry no more)
'Cause every tear that flows falls into the ocean
And rises to the sky
And then the rain will come right before the sun shines

Can you feel me reaching out to you girl?
Can you hear my open thoughts?
Never want [unverified] disrespect you, girl
Don't let this come break us apart

'Cause I know I would die without you, my girl
Can you hear my broken heart?
It's calling out to the good times
That we had back at the start

Baby
(Don't call me baby)
You know I need you in my life daily
(You know you played me)

I was a player but now your love changed me

(Dead wrong)
I'm going crazy
(I'm gone)
Never thought losing you would be so hard

It's your turn to cry, baby cry
(Don't cry no more)
'Cause every tear that flows falls into the ocean
And rises to the sky
And then the rain will come right before the sun shines

So let go and move on
What we were is now undone
My tears have all dried
It's your turn now to cry

You're losing your love and your trust for me girl
And you know, I would go to the ends of the world
If you wanted [unverified] just like we started
Girl 'cause I don't want to fight no more, make it like it
was before

I'll tell you the truth and you cried and I cried
Let's get back to the place and that look in your eyes
Can you feel it inside? No clouds on your skies
The sun is gonna shine

Chat to her Santana
(I.e. talk to her, tell her how you feel, play your guitar
for her)

Just cry, baby cry
(Don't cry no more)
'Cause every tear that flows falls into the ocean
And rises to the sky
And then the rain will come right before the sun shines

Just cry, baby cry
(Don't cry no more)
'Cause every tear that flows falls into the ocean
And rises to the sky
And then the rain will come right before the sun shines
