Just gimme the light
Just gimme the light
Just gimme the light

Just gimme the light and pass the draw
Bust another bottle of moe
Gal them inna me sight and I gots to know
Which one is gonna catch my flow
'Cause I'm inna the vibes and I got my dough
Bust another bottle of moe
Gal them lookin' and I gots to know

Could I be your protector, you buff in every sector
Every man around them, want turn your inspector
But you no let them sweat ya, nor grill you with no
lecture
'Bout them power drill or them fuel injector
Them a infector, disease collector
Nuff a them a gwaan like them want come wreck ya
Done out the part weh you got in a you center
But you know you no let them, guy de affect ya, yo

Just gimme the light and pass the draw
Bust another bottle of moe
Gal them inna me sight and I gots to know
Which one is gonna catch my flow
'Cause I'm inna the vibes and I got my dough
Bust another bottle of moe
Gal them lookin' hype and I gots to know

One, two, three, four, five or them, situation gettin'
really live again
Gal them want fi hang out with the players and the
riders them
Beside of them and them say them tired of the liars
them
Friars and connivers them will never get inside of them
Them clyder them, especially the money, hider them
Watchi watch gal 'out them a try fi make a bride a
them, denied again
Some a them a move like a spiderman
Gal them say them nah open wide again

Just gimme the light and pass the draw
Bust another bottle of moe
Gal them inna me sight and I gots to know
Which one is gonna catch my flow
