Hold on to the dream, hold on Hold on now, now Hold on and believe Oh we already one, we still hold on Hold on, hold on now, now We still hold on Hold on, hold on now, now Hold on to the dream

Finish line I'll see you there I know you're well prepared Put aside all your fears Jah will answer all your prayers Might seem that no one cares, Been working hard for years Keep climbing up the stairs Gotta know that you already there Blood, sweat and the tears now None of them can take the shares now Enemies better be aware now, Champions's got a lot to bare now I'ma tell it as I'ma swear now... Eye of the tiger i got the stare now Carry on until we see the sun, We holding on

Hold on to the dream, hold on Hold on now, now Hold on and believe Oh we already one, we still hold on Hold on, hold on now, now We still hold on Hold on, hold on now, now Hold on to the dream

I know the road is long we still hold on We carry on, we still stay strong Today is long but tomorrow will come Hold on, hold on now, now Cah the brokens now will be the strongest All do yu kno is that the road is deep Pain and trouble, trial and grief

What a man sow cah you one must reap
Hard times will never get you beat
And you never will get defeat
Cah mi all arm strong... concrete...to di work
Coz talk is cheap

Hold on to the dream, hold on
Hold on now, now
Hold on and believe
Oh we already one, we still hold on
Hold on, hold on now, now
We still hold on
Hold on, hold on now, now
Hold on to the dream

I know the road is long we still hold on We carry on, we still stay strong Today is long but tomorrow will come Hold on now, Hold on now, now Oho, oho, oho, oho, oho

Hold on
Hold on to the dream, hold on
Hold on now, now
Hold on and believe
Oh we already one, we still hold on
Hold on, hold on now, now
We still hold on
Hold on, hold on now, now
Hold on to the dream.

I know the road is long we still hold on We carry on, we still stay strong Today is long but tomorrow will come Hold on, hold on now, now
