Come down

Sean Paul, number one champion
Sean Paul, Rahzel
Number one champion

It's the return of the microphone fiend
I be the first nigga to split ya spleen
Impair ya vision, leave ya cataract split screen
You'll be assed out, passed out like Mitch Green

Fight Club, from a Brad Pitt scene
I'm a SWAT team, spittin' the hot sixteen
A pimp's steen is makin' ya chick scream
Download my digital, digital voice stream

Automatic wide screen
Low rider, with them buggy eyed beams
A bad freak, in the back seat, named Ming Ling
Well, last week them bad streets was in full swing

For my brothers locked down in G.P. to Sing Sing
Sean Paul, a Dance hall king
The track like a puppet on a string

From a set a dem any time dem come arouna
Dem hole a dis dem a waan try fi take ya crowna
Dem waan fi see ya han a growna
But di badman a wears a crowna
Come a bun a dutty babyloga

Yo becaw me see dem a plan a to try fi come tek over

Say dem a try fi tek me ting like it now dem own
Dem di kinda ting dat kinda a hurt me corizona
So me turn dem into organ donors

Escape an a bed to Barcelona with Fiona and Iona
Floakin' wit a pound of home growna
One a dem gal a rub pon my shoulder
One a pour a club soda, plus I like di flight controla
Tell dem

On top of the game I'll stay
(Number one)
Nobody cyaan out my flame
(Champion)

We tell dem again and again
(Number one)
We ready fi drive dem insane
(Champion)

On top of the game I'll stay
(Number one)

All about di tings that me give up for it
All about di years up inna di club for it
Me sweat for it, me tough for it
Boy waan come treat man like bruk for it
An gal you so say man all a suffer it

Caw music is my heart and it's in my brain
Inna me soul, it tek control, me feel it there an plain
