Girl I know you've been deceived
that your heart has been mistreated
He took your dreams and turned them to stone (yeah)
Hate to see you so upset but hey girl don't you forget
that I'm here for you, you are not on your own

And you can always count on me and the reason
is you see
I'm never gonna lie, never wanna see you cry - oh
sometimes

[Chorus:]
Everybody knows everybody's soul to soul
Everybody knows this sound
Crashing to the floor you said
Pick the pieces up again
I won't let you down

Don't you keep busy distressing
The fun that you'll be missing
is out there it's all waiting for you
There's a dream with your name on it
so put it in your pocket
Jump right to the front of the queue

And you can always count on me and then the reason
is you see
I'm never gonna lie, never wanna see you cry - oh
sometimes

[Chorus (2x)]

Stop the tears you cry
I am here for you
When waters running dry
I'll be there for you
Time after time - there's nothing I won't do
It's the sound, it's the sound of my love for you

[Chorus (2x)]
