I know I put you to the test again
Like so many times before
Your starting to loose your faith in me
I know it's time for me to start to show
I'm not gonna let you go
We're not going down just take a good look in my eyes

I live my life alone I'd tried to get it right
And steer somehow, I always end up
Breaking up and ? slowing down the line
But I don't know why cause your everything in my life
And I can't go on without having you by my side
So please don't go away

I know you say that I'm so far away
But my life is complete right here
No matter what I but you trough
And I know it's time for me start to show
I'm not gonna let you go
I gave you my soul just take a good look in my eyes

I live my life alone I'd tried to get it right
And steer somehow, I always end up
Breaking up and ? slowing down the line
But I don't know why cause your everything in my life
And I can't go on without having you by my side
If we end I now, there's no reason to carry on
So please don't go

It's time to say goodbye to the crazy things I've done
And put it all behind cause I live my life for love
Listen to me when I say, hey I live my life for love
Listen to me when I say, I'm not gonna let you go
We're not going down just take a good look in my eyes

I live my life alone I'd tried to get it right
And steer somehow, I always end up
Breaking up and ? slowing down the line
But I don't know why cause your everything in my life
And I can't go on without having you by my side
If we end I now, there's no reason to carry on
So please don't go, please don't go away
