I don't remember
a word you said
but that november
I can't forget
intoxicated in every way
there's something about you
my friends are saying
I'm not the same
I try to fight it
but i can't get away
look at me now
spinning up and down losing my ground
what is it about you

I got you under my skin
would you mind spending time
you got me under your spell
got me good can't you tell
i wanna feel this forever
I'll try and fight it but no one else would do
I wanna do this together
like you should
you got me good
you got me good

Maybe I shouldn't
you say you can't
it's complicated
but you don't understand
I'm losing my mind
every time
every time it's always about you

I got you under my skin
would you mind spending time
you got me under your spell
got me good can't you tell

I wanna feel this forever
I'll try and fight it but no one else would do
I wanna do this together
like you should

you got me good
you got me good

You got me good, yeah!
