It was only yesterday
I lived in make believe
As everything 'bout you and me
Felt as good as it can be

Now I can see that you've
Come to say goodbye
Got my pride, ain't gonna ask you why

I thought we were lovers

It seems to me that I will
Never learn the game
I never thought your love's
Bullet with my name

To you it makes no difference
It doesn't mean a thing
It was only me
It was just a dream I lived

I thought we were lovers
An' it's more than I can take
That you're leaving me for someone else
And I don't want to hear you're sorry
Don't matter anymore
I thought we were lovers
Isn't that what you told me
I thought we were lovers

So here I'm standing with an aching heart
Swallowing tears
And trying to smile

I thought we were lovers
An' it's more than I can take
That you're leaving me for someone else
And I don't want to hear you're sorry
Don't matter anymore
I thought we were lovers

An' it's more than I can take

That you're leaving me for someone else
And I don't want to hear you're sorry
Don't matter anymore
I thought we were lovers
Isn't that what you told me
I thought we were lovers
