I've got love, a good life  
Everything is alright  
What do you want from me?

You always try to bring me down  
Could it be jealousy?

[Pre-chorus:]  
Everything I do is not good enough  
from your perspective  
Boy, I'm wrong... Noooo!!!  
You say you still believe in us  
You're just pretending  
as if I don't know... but I know (oh, oh)!!!!

[Chorus:]  
When you see me, please don't talk  
You've said it's all my fault  
I'm hurting and you're the cause  
Baby, I want you gone!!!!  
It was over from the start  
Played games with my heart  
You've gone way to far  
Baby, I want you gone!!!

I'm young, it's alright  
I need to grow without you, can't you see

So I'll say goodbye to all the heartache  
and the misery

[Pre-chorus + Chorus]

No more debating  
Got nothing to prove anymore, anymore

Now we've both reached the finish  
We're done and we're through  
Time to go, you should know

[Chorus (2x impro/variation)]

[improvising]
