When I'm all alone
The shadows come alive
When I'm all alone
My memories grow wild
I don't know if I can take it anymore
There's someone out there
Holdin' you close
I thought you wanted me most

One two
What am I gonna do
Three and four
I don't want you no more
Five six seven and eight
To you I'm just a number
Nothing more
I'm nothing more
Nothing more

Life was rollin' on
The future seemed just fine
But since that night
You didn't come home
I saw the sign
I was crying, lying on the floor
To those who say
It'll last forever
Be prepared he may say
Whatever!

One two
What am I gonna do
Three and four
I don't want you no more
Five six seven and eight
To you I'm just a number
Nothing more
I'm nothing more
Nothing more
