We were always together
You knew every thought that I've had
(and) My wish was your command
Like a match made in heaven
Then we took it right back to earth
And things got out of hand

Now I'm looking into your eyes
I feel something I can't describe
It's like I'm meeting someone new
Makes me wanna' get it with you

[Refrain]
Suddenly I see
What you mean to me
(and) What we lost is found
Love is all around
Do you think of me
Like I think of you?
Can you hear the sound?
Love is all around
Love is all around

I was walking in circles
Used to know the way
But I couldn't find it anymore
I felt the word out of colours
Tried to read
But nothing would taste the same as before

Now I'm looking into your eyes
I feel something I can't describe
It's like I'm meeting someone new
Makes me wanna' get it with you

[Refrain]
Suddenly I see
What you mean to me
(and) What we lost is found
Love is all around
Do you think of me
Like I think of you?

Can you hear the sound?
Love is all around
Love is all around

We can have the good times
And take the bad times
Just remember when you're down
I will escape inside you
You look regard you
Baby love is all around

Love is all around
(Oh-oh-oo)

[Refrain]
Suddenly I see
What you mean to me
(and) What we lost is found
Love is all around
Do you think of me
Like I think of you?
Can you hear the sound?
Love is all around
Love is all around

Suddenly I see
What you mean to me
(and) What we lost is found
Love is all around
Do you think of me
Like I think of you?
Can you hear the sound?
Love is all around
Love is all around

(Oh-oh)
