Counting every heartbeat
Feeling that I just can't wait
As darkness sets around me
I can't wait to see you again

You've got me shaking
Like I've never felt before
Burning with fever
I'm looking for more

When the night falls
I'll wrap my arms around you
I won't let go
Waiting for the night to fall
Believe me baby
I'm gonna make you mine

When the night falls
I'll wrap my arms around you
I won't let go
Waiting for the night to fall
Believe me baby
I'm gonna make you mine

Feel I'm struck by a hurricane
Feel I can't win in this game
I know there'll be a price to pay
Know there's no pleasure without pain

You've got me shaking
Like I've never felt before
Burning with fever
I'm looking for more

When the night falls
I'll wrap my arms around you
I won't let go
Waiting for the night to fall
Believe me baby
I'm gonna make you mine

When the night falls

I'll wrap my arms around you
I won't let go
Waiting for the night to fall
Believe me baby
I'm gonna make you mine
