Intro. (Keyboard and Electric Guitar)

It was one of those great stories that you can't put
down at night

The hero knew what he had to do and he wasn't afraid
to fight

The villain goes to jail while the hero goes free
I wish it were that simple for me

And the reason that she loved him

Was the reason I loved him too

And he never wondered what was right or wrong

He just knew, he just knew

Instrumental (Keyboard and Electric Guitar)

Shadow and shade mix together at dawn

But by the time you catch them simplicity's gone

So we sort through the pieces my friends and I

Searching through the darkness to find the breaks in
the sky

And the reason that she loved him

Was the reason I loved him too

And he never wondered what was right or wrong

He just knew, he just knew

Instrumental (Keyboard and Electric Guitar)

And we wonder yes, we wonder

How do you make sense of this

When the hero kills the maiden

With his kiss, with his kiss

Instrumental (Keyboard and Electric Guitar) Aaaah ...

It was one of those great stories that you can't put
down at night

The hero knew what he had to do and he wasn't afraid

to fight
The villain goes to jail while the hero goes free
I wish it were that simple for me

It were that simple for me
