Intro. (Electric Guitar)

What does it take to getcha

To admit it?

How much light

'til it shines on you?

How much did she betcha

You couldn't get it?

What does it signify

When it lands on you?

They will tell you you're a loser

They'll stone you in the street

Makes you kinda wonder 'bout the people you meet,
yeah

Instrumental (Electric Guitar and Organ)

There's a telegram they send ya

To tell you that you won

And that now your life is gonna

Suddenly be fun

It's a piece of empty paper

It's a piece of empty pie

It is a vision of delusion

It will surely pass you by

And I don't know what to tell ya

I haven't got a clue

I don't know why people do the things that they do, no,
no, no

Instrumental (Organ + Electric Guitar)

What does it take to getcha

As confused as me?

And how much information

Is gonna finally set you free?

What does it take to getcha
To admit it?
How much light
'til it shines on you?

How much light
'til it shines on you, yeah?
How much light
'til it shines on you?

How much light
Shines on you?

Instrumental Ending (Electric Guitar and Organ)
