When you say goodbye,
And I stand broken.
I kiss you one last time
And leave things unspoken

When I wipe your tears dry,
Watching your spirit fly -
I will sing for you,
And my love will climb so high

(Chorus)
Touching the clouds above
Watching it rain -
Reaching the stars above
Like a never-ending bridge of love

(Bridge)
Reach out now
Touch me now
Come on,
I need to know
You still there?
Bridge of Love...

(Chorus)
