(Verse)

The earth is black, the sky is blue  
The clouds are grey, but I still love you -  
The day is strange, the night unreal  
I am here, this is what I feel

(Chorus)

Everything's Out Of Control x 3  
In the after glow --

(Verse)

The moon is high, I am low  
You are here, Oh baby please don't go -  
Your eyes are flames, I don't stand a chance  
Close them now, before you break my trance

(Chorus)

(Verse)

The bleeding's done, my soul will fly  
I see the light years before I die -  
The winter's come, naked and white  
Shattered sticks, bleached dry of life

(Chorus)
