pump ya fist if ya love freedom
pump ya fist if ya love culture
pump ya fist if ya love freedom
pump ya fist if ya love culture

for 150 years, you been creatin' us
be hatin' like satan, by beratin' us
in punch cartoons you depicted us as swill
and wack tv shows like that dead fool benny hill...
amazin'
ya never came to yer senses
figure out you'd have to face the consequences
sent us cross the water but you didn't scope the tide
now the tide is risin'
worldwide.
FENIANS!

from devoy to o'neill, and john o'mahoney
to joe mcgarrity, and michael flannery
sedition, our tradition and it won't just go away...
say it loud, say it proud, i will stay an
unrepentant fenian bastard!
unrepentant fenian bastard!
unrepentant fenian bastard!
respect to all who refuse to be mastered.
