Oh Lord forgive
Oh Lord forgive
The faithful we've outlived
Oh Lord forgive

God hold back your hand
Oh God hold back your hand
Stay your wrath again
Oh God hold back your hand

Blessedness of everlasting light
No more pain
No more night

Oh Lord forgive
Oh Lord forgive
Free from chains of sin
Oh Lord forgive

God reach out your hand
Oh God reach out your hand
Full of grace again
God reach out your hand

Blessedness of everlasting light
No more pain
No more night

Blessedness of everlasting light
Oh what light
Oh what light
